## Academic Research Experience

### **Graduate Research Assistant, August 2021 – July 2022**

University of Southern California, Los Angeles CA

#### Assistant to Dr. Sherry Zaks (August 2021 – May 2022):

*Translated archival documents of Salvadoran guerilla organization, FMLN, from Spanish to English. Annotated and created detailed summaries of Spanish documents conveying political organizational structure, combat and campaign strategies, and organizational policies. Contributed to building and updating a dataset on guerilla organizations transitioning to political parties.*

#### Assistant to Dr. Abby Wood and Dr. Pamela McCann (May 2021 – August 2021; May 2022 – July 2022):

*Analyzed several U.S. federal and state executive orders for the purpose of qualitatively coding and defining different definitions of essential workers and essential business industries throughout the COVID-19 pandemic. Collected, cleaned, organized, and interpreted state-level data regarding essential worker definitions for the purpose of creating a dataset reflecting these several definitions across states. Created Python and R scripts that allowed the ability to web scrape tables from government websites and PDFs, such as the Book of the States reports. Researched and reported U.S. state differences in COVID-19 pandemic response, from their moment of closure to how they continued to evolve throughout the pandemic.*

#### Assistant to Dr. Christian Grose (August 2021 – January 2022):

*Collected, cleaned, and organized data on U.S. state legislatures and their respective representatives' policy positions on several issues. Wrote several literature reviews on the topic of legislative term limits within the context of the U.S. Collected and analyzed several quantitative regression analyses related to citizen voting behavior within the U.S. Ran several racial polarized voting analyses and ability-to-elect analyses across several U.S. states.*

**Directed Research Fellow**, January 2019 – May 2019  
University of Southern California, Los Angeles CA

Faculty Advisor: Dr. Sarah Axeen:

*Collected, cleaned, and organized data from various resources in order to conduct several statistical analyses. Quantitatively analyzed the collected data in order to construct several synthetic control models of Colorado in order to assess the causal impact of recreational marijuana legislation at the state level. Drafted and successfully published a manuscript that investigated the effects of recreational marijuana legislation on opioid overdose rates in the state of Colorado.*
