CURRENT PROFESSIONAL APPOINTMENTS

Applied Research Statistician, 2025 –
Harvard Law School
[Department of Empirical Research Services](#)

Data Architect, 2025 –
University of Southern California
[Everyday Respect Project](#)

EDUCATION

Ph.D. in Political Science and International Relations, 2025
University of Southern California, Dornsife College of Letters, Arts, and Sciences

Master of Public Policy (M.P.P.), 2019
University of Southern California, Sol Price School of Public Policy

B.A. in Political Science, 2017
California State University, Long Beach, College of Liberal Arts

EXPERTISE

Methodological: Artificial Intelligence (Large Language Models, Machine Learning, Natural Language Processing, Uncertainty Quantification), Knowledge Representation & Ontology Engineering (Cross-Disciplinary Construct Harmonization, Ontological Framework Development, Semantic Modeling), Measurement & Psychometrics (Item Response Theory, Latent Variable Modeling, Scale Development, Construct Validity), Quantitative Research Design (Cross-Sectional, Experimental, Longitudinal, Quasi-Experimental), Research Data Architecture (Database Design, Multi-Modal & Multi-Dimensional Data Integration, Research Infrastructure Design), Statistical Inference (Causal, Descriptive, Predictive)

Substantive: American Politics, Electoral Systems, Elite Behavior, Intersectionality, Latin American Politics, Legislative Institutions, Public Policy Analysis, Race and Ethnicity, Redistricting, Voting Rights

PREVIOUS PROFESSIONAL APPOINTMENTS

Research Analyst, 2025 – 2026
Stanford Graduate School of Business
Stanford Latino Entrepreneurship Initiative

Computational Social Scientist, 2024 – 2025
Center for Election Science, Applied Data and Research Team

Survey Statistician, 2022 – 2025
U.S. Census Bureau, Federal Statistical Research Data Center (FSRDC)

RESEARCH EXPERIENCE

Research Associate, 2023 – 2025
University of Southern California, [The Security and Political Economy \(SPEC\) Lab](#)
Supervising Faculty: Benjamin A.T. Graham
Apply advanced statistical, computational, and analytical techniques to assist with ongoing projects. Assist faculty, graduate, and undergraduate students with questions on research design and statistical inference along with troubleshoot code inquiries related to R, Python, and Stata. Key contributor to [Everyday Respect](#) Project.

Research Assistant, 2021 — 2022

University of Southern California, Sol Price School of Public Policy and Gould School of Law

Primary Investigators: Abby Wood; Pamela McCann

Analyzed several U.S. federal and state executive orders for the purpose of qualitatively coding and defining different definitions of essential workers and essential business industries throughout the COVID-19 pandemic. Collected, cleaned, organized, and interpreted state-level data regarding essential worker definitions for the purpose of creating a dataset reflecting these several definitions across states. Created Python and R scripts that allowed the ability to web scrape tables from government websites and PDFs, such as the Book of the States reports. Researched and reported U.S. state differences in COVID-19 pandemic response, from their moment of closure to how they continued to evolve throughout the pandemic.

Research Associate, 2021 — 2024

University of Southern California, Democracy Lab

Supervising Faculty: Christian R. Grose

Collected, cleaned, and organized data on U.S. state legislatures and their respective representatives' policy positions on several issues. Wrote several literature reviews on the topic of legislative term limits within the context of the U.S. Collected and analyzed several quantitative regression analyses related to citizen voting behavior within the U.S. Ran several racial polarized voting analyses and ability-to-elect analyses across several U.S. states using created Python scripts streamlining the output processes.

Researcher Associate, 2019 — 2020

University of Southern California, Schaeffer Center for Health Policy and Economics

Supervising Faculty: Sarah Axen

Collected, cleaned, and organized data from various resources to conduct several statistical analyses. Quantitatively analyzed the collected data to construct several synthetic control models of Colorado to assess the causal impact of recreational marijuana legislation at the state level. Drafted and successfully published a manuscript that investigated the effects of recreational marijuana legislation on opioid overdose rates in the state of Colorado.

Policy Analyst, 2018 – 2019

The City Project

Specialized in conducting comprehensive literature reviews on the health impacts of public parks, particularly for underprivileged urban areas, collaborating on policy research through stakeholder interviews, and contributed to agency papers and a best practices white paper on California's Proposition 68 grant process.

**TEACHING
EXPERIENCE****Graduate Teaching Assistant**

University of Southern California

Ideology and Conflict (Spring 2023)

Environmental Challenges (Fall 2022)

Instructor

University of Southern California

Python for Social Science Workshop (Spring 2023)

**CONFERENCES
& WORKSHOP
PARTICIPATION**

Conference Presentations

Pathways to Primary Election Reform (PPER): 2026

American Political Science Association (APSA): 2024, 2025

Society for Political Methodology (PolMeth): 2023, 2024

Election Science, Reform, and Administration (ESRA): 2024, 2026

European Political Science Association (EPSA): 2025

Midwest Political Science Association (MPSA): 2023, 2024

SoCal Political Institutions and Political Economy Conference (SoCal PIPE): 2023, 2024

Southern Political Science Association (SPSA): 2023

Western Political Science Association (WPSA): 2023, 2024

Workshops

University of Oxford, Department of Politics & International Relations: Spring School in Advanced Research Methods, 2023

Syracuse University, Maxwell School of Citizenship and Public Affairs: Institute for Qualitative and Mixed Method Research (IQMR), 2022

**GRANTS,
AWARDS, AND
FELLOWSHIPS**

University of Southern California

2024. Political Science and International Relations Summer Research Award. \$3,500.00

2024. Graduate Student Government Professional Development Fund Award. \$500.00

2024. Graduate School Travel/Research Award. \$1,500.00

2023. Political Science and International Relations Summer Research Award. \$4,500.00

2023. Graduate School Summer Research and Writing Grant. \$2,000.00

2022. Political Science and International Relations Summer Research Award. \$2,500.00

2022. Graduate School Summer Research and Writing Grant. \$2,500.00

2021. Political Science and International Relations Summer Research Award. \$2,500.00

2020. Graduate Diversity Scholarship and Tuition Fellowship Award. \$40,000.00/yr.

SOFTWARE

TextViz Studio: Streamlit application with data visualization, statistical inference, and text analysis tools.

AppendIDs: R package providing tools to standardize and merge cross-sectional and CSTS country data across differing country-coding schemes.

topicmodelCV: R package for 10-fold cross-validation to determine the optimal number of topics for Latent Dirichlet Allocation (LDA) topic models.

PROFESSIONAL SKILLS

Programming and Scripting Languages: C++, JavaScript, Mata (Stata), Python, R, Rust, SQL

Markup and Styling: CSS, HTML, LaTeX

Web Applications: Google Suite, Infogram, Microsoft 365, Overleaf, Qualtrics
